true. The Bi-ble pre- vailed to reach me and you.

2 The Bible was printed!
A very smart man
The first printing press built.
A part of God's Plan!

The Bible translated
Each verse and each book,
In so many hands now
A long time it took!

3 But soon trouble started!
Caused many a tear!
The Bible was locked up!
God's people did fear!

But they had it smuggled.
But they had it hid.
They kept it in secret.
Yes, that's what they did!

4 Our Bible's a treasure!
It's quite a great book!
And now when we read it
We know what it took!

The Bible is God's Word.
The Bible is true.
The Bible was written
For me and for you!
